EVENTS

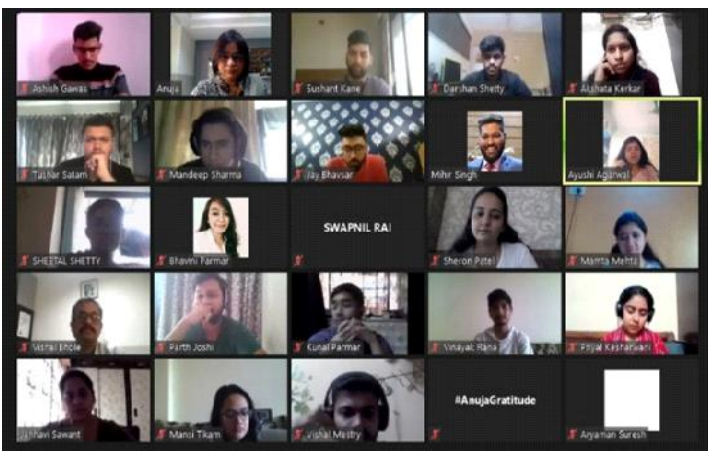

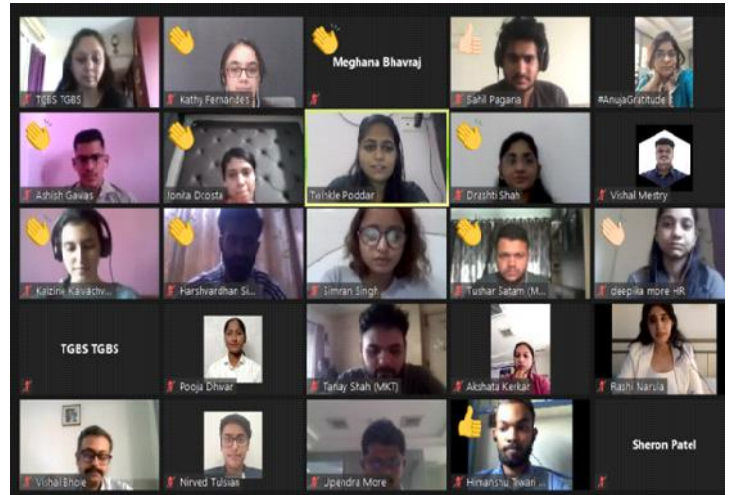

Orientation Programme (January 4-6 and 9, 2021)

TGBS conducted a four-day orientation program for students. The orientation programme focussed upon re-engineering & reinforcing learning acquired in Sem I.

SRC Cell Event – National Youth Day

The Youth Day was celebrated at TGBS on January 12, 2021. This day recognizes the power and influence that young people have within the society. TGBS shows this by empowering its students and encouraging them to understand their role in the society.

Connect with Alum: Alum Speak

Mr. Aashutosh Sharma and Ms. Shivangi Rai from Morningstar on January 09, 2021 gave the TGBS Finance & marketing students' advice on how to crack the interview process and secure a job in the competitive corporate world.

TESTIMONIALS OF PLACED STUDENTS

My journey of landing in the fitness industry which I admire the most, turned into reality because of the efforts of the college faculties and alums who trained me well through simulations and boot camps as well as the placement cell who brought the opportunity to my doorstep.

Kudos to all!

Shannon D'Souza (PGDM, Marketing 19-21)

I have been part of many TGBS initiatives since the beginning, such as Placement cell, Fintech, etc. This has helped me shape my personality, guidance from the institute and faculty have

helped me land my dream profile in Morningstar even during the pandemic. They helped me not only with the interview process but also helped me get in touch with alumni who are working at MS that really helped me crack the interview process.

Aashutosh Sharma (PGDM, Marketing 19-21)

College provided me with mentors who were always there to help me out throughout the whole placement process and in guiding us about what's right and what's wrong for us. The boot camp sessions and placement preparedness sessions

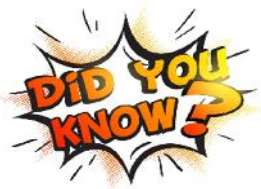

helped me to solve the problems related to aptitude, group discussion, extempore, personal interview, etc. so these sessions were of great help to us in the placement process and they showed us our improvement areas and polished our skills as well. Sincere Gratitude to TGBS!

Shubham Sharma (PGDM, Marketing 19-21)

1. The human brain is 78% water.

Up to 60% of the adult human body is made up of water. Research has indicated that both the human brain and heart are around 73-78% water.

2. The human tongue heals the fastest compared to all body parts.

This is due to the rich supply of blood that circulates the tongue. It may also be because the mouth is constantly replenishing your taste buds.

3. The first phonebook only had 50 names.

The book was a page long. However, it was considered as an important step towards printed directories.

4. Originally, tennis was played with bare hands.

During the 12th century, Tennis was first played in France. The game was played by using your palm to hit the ball back to your opponent.
