## EXPRESSION OF THOUGHTS

### 2020: Setback by Nature, Resilience by Being

Be it young or old!

Rich or poor!

Educated or Uneducated!

2020 isn't biased & treats everyone equally. Personally I feel it's like a return gift from nature to the human race based on our karma. Life is in circles what you throw to the world it comes back to you. You may not even be aware of the price you pay for the past actions, we as humans may forget but nature sees it all, knows it all and never forgets to pay it back with interest.

These times of testing have made me prioritize what's the most important thing in life, which is the gift of life itself. I have positively accepted the new normalcy of life and personally speaking has started to enjoy it. Yet I do miss the human face to face interaction but not at the cost of lives of people because the dangers of the virus are yet not fully explored. Till that time, we all can be patient enough to wait for a cure that would completely save the humans from it.

In a nut shell, be grateful for what we have in life, at least our life isn't on pause mode, its yet going on!

Let's carry on in life, and show 2020 that you gave us a setback we turned it into a comeback and we won't break our spirits no matter what the situation.

## TESTIMONIALS

The Offline Sessions! It was a great experience as we were physically as well as mentally present in the learning environment. Learnt some values align with self and organisation. Enjoyed with our batch mates and faculty members. Offline session was better to prepare for PI as our mentor was able to identify our body language. Definitely we all are waiting for some more offline session. Gratitude to TGBS for organizing offline session in such an immense safe & secure environment!

**Simran Singh (PGDM HR 20-22)**

Being a part of TGBS family, I convey my gratitude to all those who have directly & indirectly motivated & trained self in becoming what I am today. The activities during the months encourage us to be livelier & follow “Work Hard-Party Hard” concept. Thank you TGBS Management for providing us the platform.

**Ketaki Naidu (PGDMHR 19-21)**
