GREAT U.S. RESIGNATIONS

HOW IT STARTED?

"More than a decade ago, psychologists documented a generational shift in the centrality of work in our lives," he reports. "Millennials were more interested in jobs that provided leisure time and vacation time than Gen-Xers and Baby Boomers. They were less concerned about net worth than net freedom."

Testimonials of Placed Students:

SUMIT SINGH
*PGDM Finance,
Batch 20-22*

At this occasion of my final placement at Nomura, self would like to extend sincere gratitude to the faculty members for the effective teaching-learning tools to acquire desired KSAs , Coach for his constant motivation & guidance, HOI for his support & direction. Overall, self has benefitted immensely with the TGBS ecosystem.

From an anxious person to a more calm & mindful BL. TGBS has given me this fantastic platform to develop self as a person holistically. The level of efforts my mentor, BCT trainers & faculty members have put in is very much evident with my final placement at NEC. Glad to be a part of TGBS ecosystem.
